

NOLAN CASE IS SET FOR NEXT TUESDAY

Arraignment of Alleged Abductor Is Postponed for One Week.

M'VICKER GIRL PENITENT

Regrets That She Ran Away With Secretary of United States Legation.

New York, September 10.—Harry E. Nolan, of Washington, D. C., recently appointed secretary of the United States legation at Panama, failed to appear in police court today to plead to a charge of abducting sixteen-year-old Marion McVicker, of Newport News, Va. His cash bail of \$10,000 was ordered forfeited, and two detectives were dispatched to arrest him.

After declaring the \$10,000 bail forfeited the court fixed bail at \$2,500 for Nolan when arrested and ordered the McVicker girl to the custody of the Florence Critchfield Mission. The arraignment was then declared postponed until September 17.

Nolan was arrested last night on complaint of agents of the Old Dominion Steamship Company, that the McVicker girl, whose father is reputed to be a prominent importer of Glasgow, Scotland, had disappeared from the steamer Jefferson shortly after its arrival here Friday. The McVicker girl had been instructed by her father to go to the case of a divorce on the vessel, with instructions to remain aboard until Saturday, when she was to be sailed for Scotland on a ticket purchased by her father.

The McVicker girl's story. The couple were located at a fashionable Broadway hotel, where they had registered as H. E. Nolan and wife. The girl broke down and told the detectives that she had not Nolan about the vessel and at his suggestion that she get a position in New York, but before her mind about going back to Scotland and had come with him, Nolan had nothing to say to the detectives, and was released on \$1,000 cash bail for appearance in court today.

At the opening of the Tombs court today, summer officers, who had furnished the cash bail, appeared for Nolan and asked for a postponement of the arraignment for two weeks and a continuation of the \$10,000 bail. The court allowed a postponement of one week, but before fixing the amount of bail ordered the assistant district attorney to prepare a formal complaint. While the complaint was being drafted, Nolan left the courtroom, taking with him Nolan, who had been waiting in the corridor outside.

Bail Declared Forfeited. Ten minutes later the assistant district attorney appeared with the complaint, and a search was made for Nolan and Gervard. Not finding either, the court ordered the cash bail forfeited and told the assistant district attorney that they had found Nolan in a room at the Tombs.

"Well, where is he?" demanded the court.

"Why, Mr. Gervard said that the case had been put over a week and the same bail continued," one of the detectives replied.

"Get out and arrest Nolan on sight," ordered the magistrate, "and bring him before me this afternoon."

Mr. Nolan appeared in the Tombs

He said that he went to the Waldorf after leaving the courtroom, and as soon as advised of the old circumstances of his case, returned to complete his part in having the security for his appearance made ready.

McVicker Girl Is Penitent. During the proceedings the McVicker girl wept copiously and became hysterical when told that her father, William McVicker, of Newport News, would be requested to appear here in the proceedings. She told the probation officer that she had repented and wanted to go back home, she said that she had been married secretly in Newport News last August to James Foster, workman at a Newport News machine, and had repeated of that also.

Appointed Secretary of Legation. Washington, September 10.—Harry E. Nolan has not qualified for service as secretary of legation at Panama, although his appointment was confirmed by the Senate August 22 last. Nolan was born in Chicago and graduated from Illinois.

He passed the examinations necessary to appointment and was under orders to report at the State Department for instructions prior to his departure for his post of duty. He failed to do so, however, and did not communicate with the department.

His status is somewhat peculiar. Although regularly appointed and named, he has never qualified. Nor has he taken the required oath of office. Neither has he received his commission.

slon. Consequently he is not on the pay roll of the government.

It is said at the State Department that no action will be taken in Nolan's case until an investigation has been made. It was pointed out that the identity of the young man under arrest has not yet been fully established nor have the charges against him been sustained.

Nolan, until the first of this month, lived in Washington for a short time at 2135 California Street. It was said at the California Street address that Nolan asserted that he was in Washington investigating the confirmation by the Senate of his appointment as secretary of the legation at Panama.

The conference is being held at the same time as the conference in the other States of the Union, and the results are very similar.

HER CONDITION

QUITE CRITICAL

Suffered From Terrible Train of Symptoms. Thinks Fatal Outcome Was Avoided by Timely Use of Cardui.

Columbia, S. C.—In a letter from this city, Miss Carrie Meete says: "I was a perfect wreck from sickness. I had pains in my right side, weak, fainting spells, dizziness, then numb and cold feelings. At times my feet were so swollen I could not walk a step. I also had backache, headache, was nervous, appetite poor at times, more often not, and my kidneys troubled me. A friend advised me to give Cardui, the woman's tonic, a trial. I did so, and from the very first it helped me. At the end of two months the swelling in my feet had gone down, and I was relieved from all the pains. I continued taking Cardui, and now I do almost all my housework. I am willing for you to publish what I write for the good of other women, for I am sure that Cardui saved me from the grave." The symptoms described in the above letter are proof that this lady was suffering from womanly trouble, and her cure shows that she took the right medicine for her trouble, namely: Cardui, the woman's tonic.
